Vision & Mission

Vision

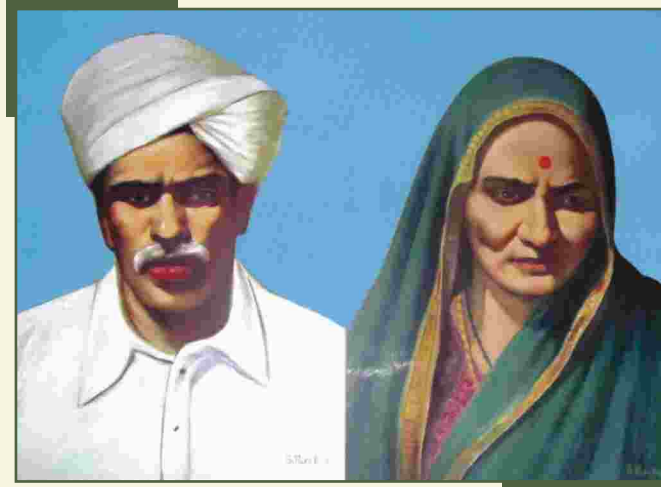

“Never ending science for global health”

Mission

- * To ensure quality Ayurvedic education and health service available
- * To impact Ayurvedic graduate with theoretical, practical and clinical knowledge to serve humanity.
- * To bring up Ayurvedic specialists who will deliver expert Ayurvedic care.
- * To build a platform for research about ancient and modern medical science.
- * To impact Ayurvedic knowledge at par with the best practices in India.

Source *of* Inspiration

Late Shri. Sidramappa Shasappa Danigond

Late Smt. Padmavati S. Danigond

Introduction to Ayurveda

Ayurveda means

“The science of life” (ayur means “life” and veda means “science” in Sanskriti).

Ayurveda is a discipline of the upaveda or “auxiliary knowledge” in Vedic tradition. Ayurveda has its prime origin from Atharva-Veda and as supplement of the Rig-Veda. Dhanvanatari is worshipped as the God of Ayurveda. The aim of Ayurveda is to prevent illness, heal the sick and promotion of health. The Ayurveda has its origins from India and extended its wings in various parts of the world. Ayurveda was taught in Gurukula system in ancient days, which is now been evolved to under graduate & post graduate courses from institutions.

Ayurveda is a science that helps to achieve longevity.

Message from Chairman

Dr. Mahaveer S. Danigond
M.S.,D.C.H.,FICS,FAIS,FIMSA

Dear Friends/Parents,

At the outset I thank you for showing interest in our Sidramappa Danigond Memorial Trust's Ayurvedic Medical College. With a vision and mission to give good quality Ayurvedic as well as integrated modern medicine teaching, we have established this college in memory of my father late Shri Sidramappa Danigond, to cater the need of the students as well as to serve the weaker sections of rural mass, we have established 200-bedded Padma Ayurvedic Hospital and Research Centre, so that good quality Indian medicine health care is given at economical rate. The poor and the destitutes are given service totally free of cost. I can proudly say our college is the only college which is teaching Ayurvedic Medical student as a better individual as compared to others in handling the sick when he goes back to society for practice. I am sure we will satisfy your wish to become a good doctor.

Our Motto is quality Ayurvedic medical teaching with comparative modern teaching so that goal of health for all is reached at the earliest in near future.

With best Wishes...

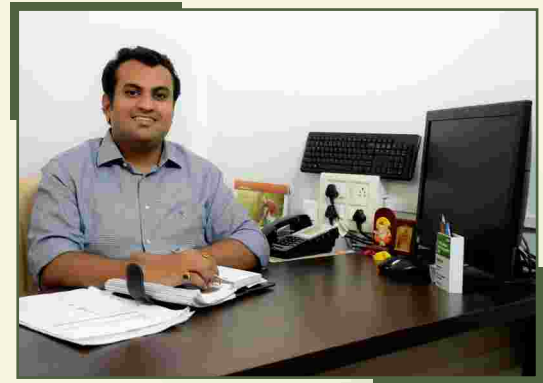

About Institution

SDMT's Ayurvedic Medical College & Research Centre started with the sole intension of providing quality Ayurvedic medical education to produce the physicians & surgeons to serve the humanity in more holistic way. The institution is started in the year 2005 in the name of late Shri Sidramappa Shasappa Danigond under Danigond Group of Institutes (DGI) who was pioneer of education in the region around Terdal. Walking on the pathway, laid down by the father, the son Dr. M.S. Danigond well known surgeon, pediatrician & educationist, dreamt of bringing Ayurvedic education and Ayurvedic treatment of to the people in the rural areas.

Being the practicing surgeon/Pediatrician/Physician in the rural area for 33 years, he could feel the need of the hour. So the thought of health for all in more holistic manner by integrating the Indian medicine with modern advancement emerged. He is an adapt visionary leader who has transformed the field Indian Medicine to reach such heights that today we have Sidramappa Danigond Memorial Trust's Ayurvedic Medical College, Danogond Post-Graduation Centre & Padma Ayurvedic Hospital & Research Centre. This college is a role model to the other institutes.

Smt. Pratibha M. Danigond
M.H.Sc.,ADND
Managing Trustee

Dr. Pushpadant M. Danigond
M.B.B.S
Managing Director

Principal

Dr. Prabhakar B. Aparaj
MD (Ayu) Ph.D (Scholar)

Campus

SDMT AMC is located in picturesque campus at Bhadragiri Hill Terdal Karnataka. The campus is an amalgamation of modern infrastructure with classic architecture where the indoor & outdoors blend seamlessly. Green courtyards, tree lined avenues and the chirping of birds welcome every visitor to the vibrant premises. The campus has won several architectural and landscape awards and provides conducive atmosphere for the germination of managerial intellect.

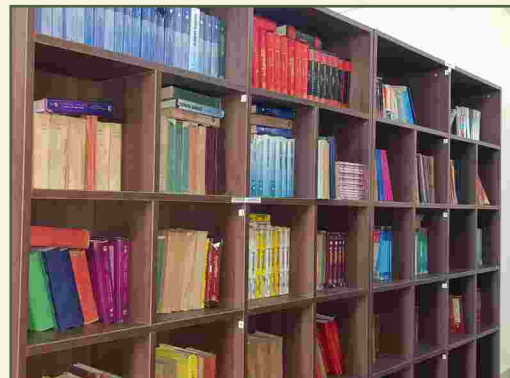

Facilities

* Library and Reading room

The college has a library which stocks good number of books and publications, magazines in Ayurveda and allied subjects. The college also stocks clinical video cassettes and CD-ROM's, Digital Library which connects the students to various medical web sites including Helinet of Rajiv Gandhi University of Health Science. The reading room provides a good spacious /study ambience to the students.

- * **Rasashala**
- * The teaching pharmacy is good and well equipped. The students are immensely helped by the Rasashala.
- * Pharmacy is attached with central laboratory to carry out standardisation of medicines

Sanjeevini Garden

- * The Sanjeevini herbal garden of the college comprises of more than 400 medicinal plants which helps in the practical training and identification of herbs.
- * Every plant is attached with QR code by scanning the same the students can get details about the plant.

* Navagraha Van

['NAVA' - Nine, 'GRAHA' - Planets, 'VANA' - Garden] These nine represents the Navagrahas that each temple has, which in turn represent the nine celestial bodies (forces) which influence our earth. These nine plants are the mixture of trees, bushes and grass varieties. They are to be planted as per the directions indicated.

Food court

The common dining area for hostel students managed by students and serves a verity of South Indian (Annapurna Mess) and North Indian (Gujarati Mess) Vegetarian cuisine.

Annapurna Mess

Gujarati Mess

Hostel

The SDMT's hostel is indeed a home away from home with furnished single rooms, study area and recreational facilities. The hostel is a mini world of its own. The facilities in the hostel include house keeping, dry cleaning & laundry services.

Class Rooms

The college has well furnished and ventilated classrooms as per the CCIM (Central Council of Indian Medicine) Delhi and Department of AYUSH Government of India norms. The Classrooms are made in such a way to provide comfort learning with all advanced Audiovisual-teaching aids like OHP and LCD Projectors. A sophisticated AV seminar hall provides multi dimensional learning ambience.

Play Ground

Indoor badminton, outdoor volleyball, khokho, kabaddi, cricket courts provide students the means to pursue their favorite sports and stay fit and healthy.
